Kyle Durant	Transportation Planner	INRCOG	MPO Staff
Nick Fratzke	Director of Transportation	INRCOG	MPO Staff
Brenda Vavroch	Safe Routes to School Coordinator	INRCOG	MPO Staff

The first item was approval of the agenda. It was moved by Vick, seconded by Becker to approve the agenda as presented. Motion carried unanimously.

Next was to review and consider approval of the minutes for the December 14, 2023 meeting. It was moved by Vick, seconded by Becker to approve the minutes. Motion carried unanimously.

Next was to hold a Public Hearing and consider approval of amendments to the FY 2024-2027 Transportation Improvement Program (TIP) related to the Surface Transportation Block Grant (STBG) project on Lafayette Road in Raymond, and the City Bridge Replacement project on Butterfield Road over Drainage in Hudson. Chair Smock declared the Public Hearing open at 10:03 AM. Durant said the bridge project on Butterfield Road was awarded funds last year and needs to be added to the TIP. Vick said that Raymond is requesting to change the project termini, scope of work, and overall budget. The city is nearing its maximum bonding capacity due to the wastewater treatment facility project combined with this road project. Despite these changes, the project will improve the pavement conditions, which have deteriorated further in the past couple of years. Although there was significant public backing for adding a sidewalk along the route, the expense was deemed too much. There being no further discussion, Chair Smock declared the Public Hearing closed at 10:16 AM. It was moved by Becker, seconded by Vick to approve the amendments to the FY 2024-2027 Transportation Improvement Program (TIP) as presented. Motion carried unanimously.

Next was Discussion Items:

1. Project Updates

a. City and county project updates

Cedar Falls

Tolan said Main Street is fully open. Next year, construction will focus on the 12th Street roundabout from 11th to 17th Street.

Waterloo

Schindel said the Park and 11th Street bridges will continue with structure and utility work over the winter months as weather allows. The Park Avenue bridge project is anticipated to be completed by June. The 11th Street bridge project is further behind, with completion anticipated closer to the end of the year. Phase I of La Porte Road from Shaulis to Bopp Street is under review with construction anticipated later this year.

DOT

Schindel said project management is reviewing alternatives for the IA 58 interchange at Greenhill Road. A decision will be made in the following months.

Elk Run Heights

Smock said a historical and architectural review consultant is in place for the Lafayette/Gilbertville Road project. The project is anticipated to be let soon.

b. MET Transit Study

Sturch said public input meetings were scheduled for the following Tuesday but will be postponed until next month due to severe weather. The meetings will take place at Central Transfer. The survey regarding potentially extending routes to Evansdale and Elk Run Heights has been closed.

c. NEIA NEPA Study

Fratzke said staff received two proposals from consultants. After a reviewing and scoring process, the selection committee chose AECOM. Contract negotiation will begin soon. Durant added that the project has been grandfathered to use STBG funding, which is now only allowed for construction projects.

In general discussion, Fratzke encouraged the group to sign a [Letter of Support](#) encouraging Iowa to rejoin the [Midwest Interstate Passenger Rail Commission \(MIPRC\)](#). MIPRC joins leaders from across the region to advocate for passenger rail improvements and opportunities. Iowa used to be a member but left in recent years. The letter encourages Iowa to rejoin to have the opportunity to partake in the economic and social benefits of a multistate passenger rail system. Fratzke shared physical copies of the letter and encouraged the group to sign and share. Durant noted that printed copies of the 2050 Long-Range Transportation Plan (LRTP) are available at the office.

There being no further business, it was moved by Becker, seconded by Vick to adjourn the meeting. Motion carried unanimously. The meeting was adjourned at 10:27 AM.

Respectfully submitted,

Aldina Dautović
Secretary
